10 am to 5 pm

Free admission to show within Chicago Botanic Garden

The purpose of the Garden Club of America is to stimulate knowledge and love of gardening; to share the advantage of association by means of educational meetings, conferences, correspondence and publications; and to restore, improve and protect the quality of the environment through educational programs and action in the fields of conservation and civic improvement.

The purpose of a flower show is threefold: to set standards of artistic and horticultural excellence; to broaden knowledge of horticulture, floral design, conservation, photography and other related areas; and to share the beauty of a show with fellow club members and with the public.

Mornings at Blackwater

*“For years, every morning, I drank
from Blackwater Pond.*

*It was flavored with oak leaves and also, no doubt,
the feet of ducks.*

*And always it assuaged me
From the dry bowl of the very far past.*

*What I want to say is
that the past is the past,
and the present is what your life is,
and you are capable
of choosing what that will be,
darling citizen.*

*So come to the pond,
or the river of your imagination,
or the harbor of your longing.*

*and put your lips to the world.
And live
your life.”*

GCA RULES

1. Please carefully read and follow GCA Flower Show Rules, General Information and Division Guidelines. All rules as stated in *The Garden Club of America Flower Show and Judging Guide*, July 2019 Edition, shall apply.
2. All plant material must be correctly identified with the botanical and common names, if possible. Accepted references for nomenclature are:
 - a. AHS A-Z Encyclopedia of Garden Plants,
 - b. www.plantsoftheworldonline.org
 - c. International Plant Names Index at www.ipni.org or <http://www.internationalplantnames.com>
 - d. Plant Systematics at <http://www.plantsystematics.org/>
3. The Garden Club of America expects all exhibitors to be aware of the need to promote conservation of endangered and threatened plants. Plants collected in the wild, and listed by the Illinois Natural Heritage Program, may not be exhibited in any flower show sponsored by a GCA club. Cultivated plant material listed by Illinois' Natural Heritage Program may be exhibited if accompanied by a typed card stating that it has not been collected from the wild or that it was collected out-of-state and giving information concerning its cultural requirements and methods of propagation. Natural Heritage Program lists of endangered plant material will be available before and during the show from the division chairmen and are available online at <http://plants.usda.gov/threat.html>.
4. Plant material showing evidence of insects or disease must be removed immediately from the exhibition area. This rule will be enforced at any time during the show, whenever the problem is identified.
5. All entries in the Floral Design must include fresh and/or dried plant material. Fresh plant material must be in water or conditioned in such a way as to remain in pristine form while on exhibition. An entry not maintained in show condition may have its award removed. Entries in Photography are not required but are strongly encouraged to include plant material. Entries in Botanical Arts division must use dried plant material or as stated in the class description.
6. Locally invasive plants, diseased plant material, artificial plant material, live animals (including fish), taxidermy, natural birds' nests, feathers of any kind, and protected sea life, including coral are not permitted. The use of natural sea shells is strongly discouraged.
<http://plants.usda.gov/java/noxiousDriver>

GENERAL INFORMATION

1. Entries are open to all GCA club members, including provisional, and professionals in their disciplines, except as noted in the schedule.
2. Club Challenge is for Show of Summer host clubs and their members. Participation by host clubs is required in Division I Class 3 and Division II Classes 1- 2.
3. Registration is required for all classes as noted in the class description. Registration Forms are provided at the back of the schedule. Classes will be filled in the order Registration Forms are received.
4. Entering in a show constitutes permission to use images of the submitted content in all GCA channels of communication.
5. While the GCA, Garden Club of Barrington, Garden Club of Evanston, Garden Guild of Winnetka, Kenilworth Garden Club, Lake Forest Garden Club and Winnetka Garden Club and Chicago Botanic Garden will exercise due caution in safeguarding exhibits, responsibility for damage, loss or personal injury cannot be assumed.
6. Any clarification or change in the rules, as originally stated in the schedule, shall be communicated promptly in writing by the division chairman to all exhibitors in the class and, at the show, to the judges and to the passing committees.
7. An entry card must accompany each entry in Divisions II, III, IV and V. Entry cards will be available online at www.showofsummer.org. Entry cards and further information is available at the end of the schedule.
8. The passing committee must pass each entry before an exhibitor may leave the show area. The passing committee reserves the right to refuse any entry that does not conform to the rules of the schedule. The exhibitor has the option of correcting the entry, if time permits. If not corrected, the entry cannot be judged, but may remain in place, marked "For Exhibit Only" with a brief, constructively worded statement, written by the passing committee, explaining why it was not judged. The judges may not disqualify any entry passed by the passing committee, unless evidence of insect infestation or disease is identified.
9. Once an entry is passed, the exhibitor(s) must immediately leave the exhibition area. The only exception will be flower show committee members who have entered and been passed according to the timetable. A passed entry may not be touched again by exhibitor until after judging and then only to carry out necessary maintenance.
10. Only participating judges and clerks will be allowed in the exhibition area during judging. Flower Show Chairmen and Division Chairmen should remain nearby but away from the exhibition area until needed.
11. All containers and accessories must be inconspicuously labeled with the exhibitor's name.

12. A novice is an individual exhibitor who has not won a first-place ribbon or a GCA Special Award, in the division entered at a GCA Major Flower Show or a Sanctioned Non-GCA Major Flower Show. An exhibitor winning a first-place ribbon in a GCA Flower Show is still considered a novice in a GCA Major Flower Show or a Sanctioned Non-GCA Major Flower Show or in another division of any flower show. In addition, an exhibitor who has won a first-place ribbon or Special Award in a GCA Major Flower Show or Sanctioned Non-GCA Major Flower Show is no longer a novice in any level of GCA Flower Shows in the division won. Only individual novice exhibitors are eligible to receive the Sandra Baylor Novice Floral Design Award or the GCA Novice Award. A novice exhibitor will be identified on the entry card, following the initial judging.
13. A statement of intent is mandatory in Floral Design and Photography Class 5. All other Divisions are optional. A statement of intent must be submitted at the time of passing. The statement must be no more than 25 words, typed or printed in pencil on a 4" x 6" white, unlined card.
14. All exhibits must remain in place and in show condition until 15 minutes following the closing time of the show.

DIVISION III Photography Guidelines

1. Please carefully read and follow the GCA Rules, General Information and Timetable for Exhibitors.
2. This is a juried show. Advance online registration is required between **January 2, 2020 and February 24, 2020** at www.showofsummer.org. Submit a JPEG image (1MB – 5MB in the sRGB colorspace) of the photo being entered by **February 24, 2020 (can be sent separately)**. By date of receipt, the first 20 digital registrations received per class will be accepted. From these, 8 finalists per class will be selected by a juried panel. The finalists and non-finalists will be notified by **April 1, 2020**. An exhibitor may submit only two entries in total and only one per class. If entering more than one image, please submit separate registrations for each class entered.
3. A photograph previously entered in any GCA, GCA Major and Sanctioned Non-GCA Major Flower Show may not be entered again even with slight alterations and reprinting. The same photograph may only be entered in one show at a time.
4. Each photograph must be the work of the exhibitor, under whose name it is registered. Matting, mounting and printing may be done professionally. In manipulating photographs, any added imagery must be the work of the exhibitor. Commercial overlays and textures are allowed. All photographs must be 2-dimensional unless otherwise specified as mixed media. All post-production must be done before the photograph is printed.
5. Editing at any stage must be the work of the exhibitor. This includes enhancement for color or clarity, removal of a part of the image, combining images, or distorting the original subject.
6. Photography entries are limited to subjects consistent with The Garden Club of America interests such as horticulture, floral design, gardens/landscapes, conservation and the environment, historic preservation, civic improvement and the natural world. Plant material is required where indicated on the schedule.
7. Photographs must be mounted on black foam core and may not be matted. Overall dimension of entry must be a minimum of 42" and not to exceed 60" in total perimeter measurement with the exception of Class 4. The surface finish is the choice of the exhibitor. Glass and framing are not permitted.
8. Entries for Class 4, Triple Vision triptych class, will have three images printed parallel on one sheet of photo paper with a border around the perimeter and a separation between the images. The border color, separation and perimeter space size are to be determined by the photographer. The triptych must be mounted on black foam core. Overall perimeter dimension of the entry must be a minimum of 48" and not exceed 60".

9. Entries for Class 8, View Finder, the perimeter space size around postcard is to be determined by the photographer. The postcard must be mounted on black foam core. Overall perimeter dimension of the entry must be a minimum of 42" and not exceed 60". Glass and framing are not permitted.
10. The Division Chairman will provide an entry card to be staged with each photograph. The information for that card will be taken directly from the details provided in the entry card affixed to each photo. Identification of plant material is encouraged but not required unless specified in a particular class.
11. An exhibitor may include a title or brief statement (not to exceed 25 words) on the Entry Form. This statement will be displayed on the show entry card accompanying the photo. Note that a Statement of Intent is required for Classes 1, 2 and 5.
12. Photographs will be hung against a neutral background to be determined by the staging committee.
13. Finalists' printed photographs must be received no later than **May 12, 2020**. Send photographs to Stephanie Fisher, 340 E. Scranton Ave, Lake Bluff, IL 60044. Receipt of your photograph will be acknowledged. For information, contact Stephanie Fisher at 847-778-6176 or stephanie@huffmantravel.com. The printed photograph must match, including cropping, the digital image sent with the original registration. Once juried, the exhibitor may not further manipulate or edit the image in any way.
14. All photographs will be passed by the photography committee to verify that class specifications have been met. If a photograph is not passed, the exhibitor will be notified and allowed, if time permits, to send a replacement photograph.
15. Only the photography committee may reclassify an entry, but only with the permission of the exhibitor. The photography committee and/or the judges may subdivide a class.
16. If a photograph is to be returned, please include a \$13 check (payable to Show of Summer) to cover return postage and handling. Please do not enclose stamps, UPS labels, or postage meter strips. If return envelope and check are not included, it will be assumed that the image will not be returned. **The exhibitor must provide a self-addressed return label, envelope and packing material.** Recommended: Use two 15" X 19" bubble wrap envelopes. (Smaller envelopes are too tight to easily get images in and out with their various wrappings.) Please do not use boxes. Wrap your mounted or matted image between 2 suitable pieces of foam core (this is very light) or non-bendable cardboard, which will be reused for return. Place wrapped image and folded self-addressed return envelope inside the mailing envelope. Any award received will be noted on the back of the mount before it is returned.
17. The scale of points by which the classes are to be judged.

For judging Creative Techniques classes:

Creativity	30
Composition	20
Technical Skill	25

Conformance/Interpretation	10
Distinction	<u>15</u>
Total	100

<u>For judging all other classes:</u>	
Creativity	25
Composition	25
Technical Skill	20
Conformance/Interpretation	20
Distinction	<u>10</u>

Photography Division Glossary

GCA Novice: An individual exhibitor who has never won a first-place ribbon or GCA Novice Award in the Photography Division at a GCA Major Flower Show or Sanctioned Non-GCA Major Flower Show.

Abstract: Having an intellectual and affective artistic content that depends solely on intrinsic form rather than on narrative content or pictorial representation.

Cityscape: Primarily a view of any kind of urban scenery, although secondary elements may be present, including land, water, people, animals, objects, structures, and/or any fabricated elements.

Close-up: A photo of a detailed view of a subject; the subject fills most or all of the frame.

Color: A photo in which the pure hue, and/or the shades and/or tints, or any combination, of the three (3) primary colors are used throughout the subject.

Creative Techniques: The use of manipulation in any stage of the photographic process to achieve an image differing (in any degree) from the subject, before the application of any/all technique(s). The result may be representational or non-representational, in any degree. Manipulation is the artistic alteration of an image, in-camera, or in any editing/post-production stage and/or with any method(s) to produce a representational or non-representational effect.

Cultural Landscapes (P): Cultural Landscapes are works of art, narratives of culture, and expressions of regional identity. They are geographic areas that represent the combined works of nature and man. In photography they may be images that depict cultural situations or practices. Cultural landscapes often include people and animals but not necessarily.

Digital Image: A digital image is an image captured in digital format. Image may be captured in many ways, including in-camera or by scanning.

Triptych: A photographic composition or presentation in three (3) parts or sections.

Geographic Feature: A naturally-created or man-made feature of the Earth.

Landscape: Primarily a view of any kind of scenery, although secondary elements may be present, including water, people, animals, objects, structures, and/or any fabricated elements. "Landscape" also refers to orientation of an image/photo that is wider than it is tall.

Macro: A photo in which the subject, or a part of subject, is life-size, or greater, and fills most, or all, of frame.

Manipulation: The artistic alteration of an image, in-camera or in any editing/post-production stage and/or with any method(s) to produce a non-representational effect.

Monochrome: An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one color across the entire image. (For example, by Sepia, red, gold, etc.) A greyscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a color image.

Nature: A photo in which the subject(s) dominate in a natural setting, such as forests, the wilderness, animals, plants and/or the sea. Fabricated elements discouraged.

Portrait: A formal or informal photo of a person(s), a plant(s), an animal(s) that captures the likeness(es) in the fullest sense. "Portrait" also refers to orientation of an image/photo that is taller than it is wide.

Seascape: Primarily a view of any kind of water, although secondary elements may be present, including land, people, animals, objects, structures, and/or any fabricated elements.

GCA MAJOR FLOWER SHOW AWARDS

GCA Major Flower Show Awards described below have been applied for and will be presented if merited.

Division I Floral Design

The **Carol Coffey Swift Medal of Excellence** may be awarded to members of GCA clubs. It is offered in recognition of an arrangement of great distinction in a competitive class at a GCA Major Flower Show. Either individual or joint entries are eligible. The entry must have placed first, second, or third. An entry in any challenge class is not eligible to receive this award.

The **Fenwick Medal** may be awarded to members of GCA clubs in competitive floral design classes at a GCA Major Flower Show. It is offered in recognition of creative work of outstanding beauty using predominantly fresh plant material. The awarding of the Fenwick Medal lies in the clear interpretation by the judges of the intent of the medal. A standard of creativity and quality in a highly competitive show rather than Best in Show is required. The design must have placed first, second, or third. An entry in a challenge class is not eligible to receive this award.

The **Margaret Clover Symonds Medal** may be awarded to members of GCA clubs in a competitive floral design class at a GCA Major Flower Show. The design must be an innovative, modern design, creatively combining man-made material(s) with fresh and/or dried plant material (as the schedule permits). Either individual or joint entries are eligible. The entry must have placed first, second, or third. An entry in a challenge class is not eligible to receive this award.

The **Sandra Baylor Novice Award** may be given at a GCA Major Flower Show to an exhibitor who is a member of a GCA club and who has never won first place or a GCA Special Award in the Floral Design Division of a GCA Major Flower Show or Sanctioned Non-GCA Major Flower Show. It shall be awarded to an individual novice exhibitor for a unique and skillful response to the schedule. Novice entries placing first, second, or third in any competitive class, including challenge classes, are eligible for this award.

Division II Horticulture

The **Certificate of Excellence in Horticulture** may be awarded at a GCA Major Flower Show to GCA clubs or club members, non-members, or other organizations for an exhibit of great distinction in a competitive horticulture class. The entry must have placed first, second, or third.

The **Elizabeth Platt Corning Medal** may be awarded only to members of GCA clubs only in a competitive horticulture class in a GCA Major Flower Show. The medal is to be

awarded to an entry presented with distinction and originality notable for its cultural difficulty. It must have achieved an exceptional standard of horticultural excellence. Extra consideration will be given to an entry propagated by the exhibitor; full propagation details must be listed on a propagation card accompanying the entry. The exhibitor must have been owned and grown the exhibit for at least six months. The medal may be awarded for a single plant, collection of plants, container garden, or cut specimen(s). Individual, joint, or club entries are eligible. The entry must have placed first, second, or third. The medal may not be awarded more than once to the same exhibit.

The **Louise Agee Wrinkle Horticulture Propagation Award** may be awarded at a GCA Major Flower Show to a GCA member for skill in plant propagation. The exhibit must have been propagated and grown by its exhibitor for at least six months and should be distinguished by its prime condition, cultural perfection, attractive presentation and flawless grooming. It is for rooted plants propagated by seed, cuttings or other traditional methods. It can be a single specimen, source plant and its offspring, or a collection. The dates and method of propagation must be recorded on an accompanying propagation card. The medal may not be awarded more than once to the same exhibit.

Division III, Photography

The **Certificate of Excellence in Photography** may be awarded at a GCA Major Flower Show to GCA clubs, individual club member, individual non-member, or other organizations for an exhibit of great distinction in a competitive photography class. The entry must have placed first, second or third.

The **Photography Creativity Award** may be awarded at a GCA Major Flower Show to an exhibitor who is a member of a GCA club for creative and technical excellence in response to the theme of the schedule. The entry must have placed first, second or third.

Division IV, Botanical Arts

The **Botanical Arts Creativity Award** may be awarded at a GCA Major Flower Show to a member of a GCA club for excellent craftsmanship and creative response to the theme of the schedule. The entry must have placed first, second, or third.

Division II, III, IV

The **GCA Novice Award** may be given at a GCA Major Flower Show in the **Horticulture, Photography** and **Botanical Arts** to an exhibitor who is a member of a GCA club and who has never won first place or a GCA Special Award in the division entered in a GCA Major Flower Show or Sanctioned Non GCA Major Flower Show. It shall be awarded to an individual novice exhibitor for an outstanding exhibit. Novice entries placing first, second, or third are eligible for this award.

Division V Conservation and Education Exhibits

The **Ann Lyon Crammond Award** may be presented at a GCA Major Flower Show to an outstanding educational exhibit which best educates the public about gardens. Any

educational exhibit that increases the appreciation of any aspect of plants, gardens or landscape design may be considered for this award. The award may be given to GCA club members, member clubs, non-members or other organizations.

The **Certificate of Excellence in Conservation** may be awarded at a GCA Major Flower Show to GCA clubs or club members, non-members, or other organizations for an exhibit of exceptional merit which educates the public on conservation issues and promotes respect for natural resources and responsibility for environmental stewardship.

Overall

Best in Show, selected from among the first-place winners, may be awarded in each division.

Judges' Commendation may be given to an entry, class, section, special exhibit or other aspect of the show that is of exceptional merit.

Award of Appreciation may be given to thank an exhibitor or group for participation. The award may also be given to non-judged classes.

OTHER SPECIAL AWARDS

Dorothea Wallace Medal

The Dorothea Wallace Medal is awarded in a competitive class for a floral design of exceptional beauty that approaches perfection in design and color.

Chicago Horticultural Society Medal

The Chicago Horticultural Society Medal is awarded for a display that has horticultural excellence and/or educational value.

Show of Summer Sweepstakes Award

The Show of Summer Sweepstakes Award is a certificate awarded to encourage club participation in Show of Summer. It is presented to the club with the highest percentage of participation earned by its members. Points are awarded as follows: one point for each Horticulture entry that is pre-registered online, passed and judged, and one point for each club member class entry. The number of points for each club will be totaled by the show's judging chairman from the entry sheets for each division as well as from the passing chairs for pre-registration information.
